

Bathing Service

Little Common Lane, Sheffield, S11 9NE

What is the bathing service?

As someone becomes less well, we understand that having a proper bath or shower at home can become harder. To support our patients who may be struggling or unable to enjoy a bath at home we offer the opportunity to enjoy a relaxing bath.

What will happen when I arrive for my appointment?

Please report to our Reception team on arrival then a member of the Bathing team will meet you in Reception. The bath will be run for you and all you will need to decide is whether you would like to lie back and relax with soothing lighting, music and either bubbles or in a jacuzzi.

Bathing Service

Little Common Lane, Sheffield, S11 9NE

Will there be someone there to support me?

Our friendly bathing staff will be on hand to offer as much or as little support as you need to help you bathe safely. If you are happy to be left and like your privacy, a member of the team will wait outside the room.

Do I need to bring anything along with me?

Fresh soft towels and toiletries will be provided, but please feel free to bring along your own if you would prefer. You may just wish to bring along a clean change of clothing to put on after bathing.

How do I book an appointment?

To enquire about booking our bathing service, please call Amanda or Zoe on 0114 236 9911.
