# DID YOU KNOW?
# WE ARE A CHARITY AND...

Everything we do is made possible by over 300 amazing members of staff, a team of more than 1,000 volunteers, and the generous support of the people and businesses in Sheffield and beyond.

Only around a quarter of our running costs are covered by NHS funding, meaning this year St Luke's has to raise over £11m of the £15.5million needed to continue providing our services across Sheffield. Most of the money we need to raise comes from the community of people fundraising for us and supporting our charity shops across the city.

# WE ARE ST LUKE'S - SHEFFIELD'S HOSPICE

**At St Luke's, we look after anyone affected by a terminal illness across Sheffield, at any stage of their journey, and their loved ones too.**

Some patients stay on our In Patient Centre for short or long-term symptom management or end of life care, while others are supported at home or in a care home. Our Specialist Community Team offers help with pain relief, mobility, falls prevention, counselling, and other aspects of managing their condition. When patients reach the end of life, we support them to spend their final days in the place where they feel most comfortable, whether that's on our In Patient Centre, or in their own home or a care home.

Alongside clinical care, patients can access a wide range of non-medical support through our Social Prescribing services, including practical, exercise, wellbeing, nature, social and creative activities. In addition to emotional and spiritual care. Families and carers can also receive support through our tailored social, spiritual and bereavement services.

We're proud to train other healthcare providers and professionals, sharing our expertise locally, nationally and internationally to advance palliative and end of life care. Despite our name, St Luke's has no religious affiliation and cares for everyone who needs us with dignity, compassion and respect – regardless of age, background, postcode or religion.

# PAYROLL GIVING

**Make every payday count.**

Payroll Giving allows you to support St Luke's directly from your salary in a simple and tax-efficient way. Donations are taken before tax, meaning your gift costs you less but achieves more.

Regular contributions provide reliable funding, helping us deliver compassionate care every day of the year.

# CORPORATE VOLUNTEERING

At St Luke's, we welcome corporate groups to support our shops, events and collections. A day of volunteering is a meaningful way to bring your team together outside of the workplace and make a positive difference in your local community.

We're proud to work with a range of businesses and organisations across Sheffield, including Aviva, HSBC, Henry Boot, Irwin Mitchell, and Plusnet. In 2025-2026, we had 752 corporate volunteers attend and contribute over 4,450 hours of their time to volunteering with us.

Our corporate charity days offer your team a chance to foster team spirit, strengthen relationships, and fulfil social responsibility. They work around you, with opportunities suited to different skills and group sizes. Every hour you give helps us provide quality care to patients and their families.

# EMPLOYEE LED GRANTS

Did you know that you can help St Luke's raise vital funds by simply nominating us? Many organisations offer employee-led grants or charity nomination schemes, allowing you to unlock funding that may not otherwise be available.

Grants are a vital source of income for St Luke's. They support both our core running costs and specific projects or items that make a lasting impact.

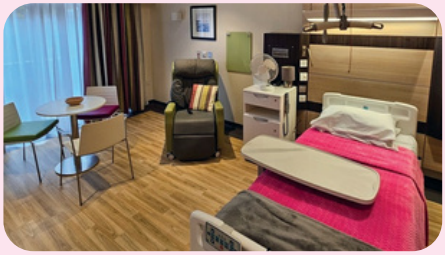

You can support St Luke's by:

1. Checking if your employer offers a grant or nomination scheme.
2. Submitting a nomination through your workplace.
3. Letting us know so we can assist with your application!

Our team is here to help with any information you may need, from impact data to supporting statements.

# OUR FAMILY SUITE IS MAKING A REAL DIFFERENCE

St Luke's Family Suite is a dedicated space designed to support patients and their loved ones as they navigate this most difficult time together. With sleeping facilities, a bathroom, seating area and self-contained kitchen, the suite offers families a place to stay overnight in greater comfort and remain closely involved in their loved one's care. The family suite was generously supported by our former Chairman of Trustees, Neil MacDonald, and his wife, Julie.

Our In Patient Centre is open 365 days a year, providing around-the-clock, tailored care. Our IPC accommodates 19 patients in 13 single rooms and two three-bedded rooms.
